Career Objective:

"Highly motivated and adaptable pursuing Computer Science and Engineering graduation with a strong foundation in full-stack development. In parallel I'm enhancing my programming skills using Python technologies. I am eager to leverage my skills and passion for problem-solving to contribute effectively as a software engineer. Seeking an opportunity to further develop my expertise, collaborate with talented teams, and contribute to the creation of innovative software solutions that positively impact user's experiences and business outcomes."

Education:

Bachelor of Technology in "Computer Science and Engineering"

[2021-2025]

From: **Sunder Deep Engineering College, Dasna, GZB, UP (201015).**

I have consistently excelled in my academic endeavours, maintaining a stellar Cumulative Grade Point Average (CGPA) of 7.0 or above throughout my tenure. I have actively engaged in various academic and extracurricular activities, demonstrating leadership, teamwork, and initiative. Additionally, I have participated in workshops, seminars and have honed my analytical skills, problem-solving abilities, and technical proficiencies.

Training and Internships:

Trainee @Ducat India

Certification:

Python Full Stack Development

Ducat India, Offline

Pursuing

Doing intensive training program in Python Full Stack Development from Ducat, a reputable institute known for its comprehensive courses in software development.

Acquired hands-on experience in both front-end and back-end technologies essential for developing robust web applications.

Gained practical knowledge in building dynamic user interfaces using HTML, CSS, and JavaScript, along with frameworks like Angular or React.

Skills:**Technical Skills:-**

Python	HTML	CSS	JAVASCRIPT	JQUERY	REACT
My SQL	Basic C	Basic C++	Basic Java		

Soft Skills:-

Flexibility	Adaptability	Logic Building	Problem Solving
Empathy	Leadership	Contributing	Confident

Projects:

Portfolio
Amazon clone
Netflix clone,
E-commerce website
